FIG. 8A

Diagram illustrating a 20x20 grid of bits (0s and 1s). The grid is divided into four quadrants by a 10x10 subgrid, which is highlighted with a black border. The bits are arranged in a pattern that suggests a binary representation of a specific data structure or image. An arrow labeled 'P4' points to the 11th column of the grid, and an arrow labeled 'P6' points to the 11th row of the grid.
